DETAILED ACTION

Allowable Subject Matter

Claims 46-76 and 85-100 are allowed. The following is an examiner's statement of reasons for allowance:

The Examiner considered Patent Number 4,412,292 by Sedam et al ("Sedam") and Technical Referens (*sic*) Manual for the Scan Coin CDS Coin Deposit System (odd pages only), dated 1989 be the prior art most closely related to the Applicant's claimed invention. Although Sedam disclose a central computer that monitors the operation of apparatus associated with the vending of products, it fails to disclose computer communication with apparatus associated with the processing of bulk coins.

Although said manual discloses an apparatus that incorporates a bulk coin accepting means and a receipt dispensing means, it fails to disclose a bulk coin processing apparatus being in communication with either a remote computer (*cf.* Applicant's independent claims 46 and 89) or a central network-type computer (*cf.* Applicant's independent claims 58, 63, 69, 73, 85 and 99).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
